The screenshot shows the Google Account Security page. The left sidebar contains navigation options: Home, Personal info, Data & privacy, Security, People & sharing, Payments & subscriptions, and About. The main content area is titled "Security" and includes three sections: "Your account is protected", "Recent security activity", and "Signing in to Google".

**Annotations:**

- A red arrow points to the "Security" option in the sidebar with the text "أولاً: من هنا" (First: from here).
- A red arrow points to the "Signing in to Google" section with the text "ثانياً: من هنا" (Second: from here).

Section	Item	Time / Location	Action
Recent security activity	Signing In with 2-Step Verification was turned off	10:44 AM - Egypt	>
	App password removed	10:44 AM - Egypt	>
	App password created	10:38 AM - Egypt	>
Signing in to Google	Password	Last changed 10:32 AM	>
	Use your phone to sign in	Off	>
	2-Step Verification	Off	>

## ← 2-Step Verification

### Protect your account with 2-Step verification

Prevent hackers from accessing your account with an additional layer of security. When you sign in, 2-Step verification helps make sure your personal information stays private, safe and secure.

#### Security made easy

In addition to your password, 2-Step verification adds a quick second step to verify that it's you.

#### Use 2-Step verification for all your online accounts

2-Step verification is a proven way to prevent widespread cyberattacks. Turn it on wherever it's offered to protect all your online accounts.

← 2-Step Verification

Let's set up your phone

What phone number do you want to use?

**كتابة رقم الموبايل لإرسال رسالة تفعيل الخدمة**

Google will only use this number for account security.  
Don't use a Google Voice number.  
Message and data rates may apply.

How do you want to get codes?

Text message  Phone call

[Show more options](#)

Step 1 of 3

[NEXT](#)

## ← 2-Step Verification

### Confirm that it works

Google just sent a text message with a verification code to

Enter the code

كتابة رسالة التفعيل المرسله علي الموبايل

Didn't get it? [Resend](#)

Step 2 of 3

[NEXT](#)

## ← 2-Step Verification

It worked! Turn on 2-Step Verification?

Now that you've seen how it works, do you want to turn on 2-Step Verification for your Google Account zerotechgypt1@gmail.com?

Step 3 of 3

TURN ON

Google Account

## ← 2-Step Verification

العودة لعمل باسورد للجهاز

2-Step Verification is ON since Jun 21, 2022 [TURN OFF](#)

### Available second steps

A second step after entering your password verifies it's you signing in. [Learn more](#)  
**Note:** If you sign in to your Google Account on any eligible phone, Google prompts will be added as another method for 2-Step Verification.

- Voice or text message (Default)**  [>](#)  
Verified  
Verification codes are sent by text message.

### Add more second steps to verify it's you

Set up additional backup steps so you can sign in even if your other options aren't available.

- Backup codes** [>](#)  
These printable one-time passcodes allow you to sign in when away from your phone, like when you're traveling.
- Google prompts** [>](#)  
To receive Google prompts, just sign in to your Google Account on your phone.  
After you enter your password on a new device, Google will send a prompt to every phone where you're signed in. Tap any one of them to confirm.

The screenshot shows the Google Account Security page. The left sidebar contains navigation links: Home, Personal info, Data & privacy, Security (highlighted), People & sharing, Payments & subscriptions, and About. The main content area is titled "You have security recommendations" and includes a "Protect your account" link. Below this is the "Recent security activity" section with a table of events:

Activity	Time	Location
Signing in with 2-Step Verification was turned on	11:22 AM	Egypt
Signing in with 2-Step Verification was turned off	10:44 AM	Egypt
App password removed	10:44 AM	Egypt

Below the activity table is a "Review security activity (10)" link. The "Signing in to Google" section shows the following settings:

Setting	Value
Password	Last changed 10:32 AM
2-Step Verification	On
App passwords	None

A red arrow points to the "2-Step Verification" row with the text "من هنا" (from here).

تظليل ونسخ الباسورد

#### How to use it

Go to the settings for your Google Account in the application or device you are trying to set up. Replace your password with the 16-character password shown above.

Just like your normal password, this app password grants complete access to your Google Account. You won't need to remember it, so don't write it down or share it with anyone.
